Bilaga till Learning Agreement för utbytesstudier genom Erasmus+

Tillgodoräknande av utbytesstudier sker efter att studenten, efter genomförda utbytesstudier, ansöker om detta. Ansökan om tillgodoräknande lämnas in till din institution/program/ Internationella kontoret, samhällsvetenskapliga fakulteten tillsammans med ett Academic Transcript från utbytet som utvisar genomförda kurser. Om tillgodoräknande inte har skett innan du ansöker om examen skickas Academic Transcript i original till Examensavdelningen för tillgodoräknande i samband med examensansökan. Mer information om tillgodoräknande i samband med att man tar ut examen: <http://www.lu.se/studera/examen-och-karriar/ta-ut-examen/ansok-om-examen>

Tillgodoräknande görs enligt Learning Agreement under förutsättning att:

- de genomförda kurserna motsvarar studier på (svensk) högskolenivå
- poäng i Learning Agreement överensstämmer med Academic Transcript utfärdat av värduniversitetet efter avslutat utbyte
- kurserna inte överlappar med andra kurser i examen
- kurserna är helt avklarade och tenderade med godkänt resultat vid värdinstitutionen

Kontakta din institution/Internationella kontoret för mer information om tillgodoräknande.

Attachment to Learning Agreement for exchange studies through Erasmus+

At Lund University, credits from student exchange are transferred on application by the student after the exchange. The application for credit transfer is to be submitted to the student's department/programme/International Office, Faculty of Social Sciences along with an Academic Transcript from the exchange that shows the completed courses. If the credits have not been transferred before the student applies for a degree, the original Academic Transcript should be sent to the Degree Office for credit transfer in conjunction with the degree application. More information on credit transfer in conjunction with an application for a degree can be found at:

<http://www.lu.se/studera/examen-och-karriar/ta-ut-examen/ansok-om-examen>

Credit transfer takes place in accordance with the Learning Agreement on the condition that:

- The completed courses correspond to study at university level in Sweden
- The number of credits in the Learning Agreement is the same as in the Academic Transcript issued by the host university at the end of the exchange.
- The courses do not overlap with other courses included in the degree
- The courses have been completed and passed at the host institution

Contact your department/International Office for more information about credit transfer.
